Orders were accordingly passed by the Member, with the approval of the Dewan, on 7th February (to the effect that Mr. Manker's place in the Institute should be taken by Mr. Partha-Sarathy. When a draft was about to be put up, the Sanitary Commissioner wrote to say that, while passing orders, the relative seniority between Mr. Dominick and Mr. Parthasarathi should be kept in view and that the former should be posted to the Senior charge & the latter to the junior charge in the Institute. Orders were accordingly issued with the approval of the Member on 13th February. It was

thought at the time that both these officers would draw their own pay while holding their new charges. But it is now learnt that Mr. Dominick has been allowed the pay of Rs. 400 in the grade of 400-30-70 in virtue of his being posted as Senior Assistant Director. If the intention of Govt is to promote Mr. Dominick from Rs. 270 to Rs. 400, the question will have to be decided in Council.

9) The promotion given to Mr. Dominick has naturally incited Mr. Parthasarathy to urge his own claims for preferment. The Sanitary Commr, who not long ago spoke of Mr. Partha Sarathy in very high terms, has now attempted to belittle his qualifications and training and recommended him a pay of Rs. 300 in his present grade as against Rs. 400 in a higher grade offered to Mr. Dominick. It has to be remembered in this connection that Mr. Dominick has put in a service of only 3 years while Mr Parthasarathy has put in 7 years' service and the latter has distinguished himself in several

Final Note by the Second Member of Council.

Subject:-

Representation of Mr. P. Parthasarathy, Assistant Director of Public Health Institute, for being given the place and grade of Senior Assistant Director of the Institute.

On the return of Mr: Parthasarathy from England after specialising in Sanitary Science, the Sanitary Commissioner proposed the transfer of Mr: V. L. Manker as District Sanitary Officer, Shimoga, and the posting of Mr.Parthasarathy to the Public Health Institute as Assistant - Director, Mr. Dominick who was already in the Institute being designated Senior Assistant Director, vice Mr. Manker. These proposals were -- approved and notified in No.L.4625/Sany.38-21-2 dated 13th February 1922.

2. Being dissatisfied with his appointment as Assistant Director, Mr.Parthasarathy urged his claims for preferential treatment in view of his comparatively longer service and of his special qualifications and prayed that he might be appointed Senior Assistant Director. In forwarding Mr. Parthasarathy's application, the Sanitary Commissioner stated that Government having borne the entire cost of the deputation of - Mr.Parthasarathy, he could not displace Mr. Dominick who obtained a higher medical degree and possessed equally high Sanitary qualifications and who was getting a higher pay than himself for the past three years. At the same time he recommended that Mr. Parthasarathy might be started on Rs.300 in his grade, viz. Rs.150-15-360, against Rs.210 he would otherwise be getting.

3. When the papers came before me, I minuted that Mr.Parthasarathy had no case as Mr.Dominick was appointed on a higher pay on account of his superior qualifications and that the order of things in force cannot be reversed simply because Mr.Parthasarathy was sent to England and acquired the qualifications needed for the post of an Assistant to the Health Institute which he did not possess at the time of his appointment.

(13)

4. I also raised the question of the appointment of Mr.Dominick as Senior Assistant Director and whether it was intended to give him the grade of Rs.400-700.

5. The Dewan and the First Member of Council agreed with me in thinking that Mr.Parthasarathy had no case.

6. The whole question, including the position and pay of Mr.Dominick, was considered at the meeting of the Council held on 27th April 1922 and the Council are of the following opinion:-

"Mr.Dominick may be treated as Acting Senior Assistant Director and given acting allowance of Rs.80/- in addition to his grade pay in the grade Rs.150-15-360.

Mr.Parthasarathy will continue as Junior Assistant Director on the same pay (Rs.210 in the grade Rs.150-15-360).

7. The opinion of the Council may be graciously approved.

Submitted to His Highness.

I submit herewith a Final Note by the Second Member of Council on the subject of the representation of Mr. P. Parthasarathy, Assistant Director of Public Health Institute for being given the place and grade of Senior Assistant Director of the Institute.

With reference to the original orders (dated the 13th February 1922) issued in this case and referred to in para 1 of the Second Member's Final Note, it has to be mentioned that one paragraph of the Order appointing Mr. Dominick as Chemical Examiner and Senior Assistant Director of the Public Health Institute on the strength of which th Comptroller has actually allowed him to draw Rs.400 per mensem, goes beyond what seems to have been intended. Mr. Dominick was Assistant Director on a salary of Rs.270 in the grade Rs.150-15-360. The appointment of Chemical Examiner and Senior Assistant Director of the Institute carries with it a salary of Rs.400 to 700. Mr. Dominick's promotion to that post was a scheduled subject and required the orders of His Highness. On the irregularity being pointed out by me, the First Member under whose directions the original order was issued, explained that this was a mistake and that he had not contemplated any change in Mr. Dominick's salary, but only a change of designation was intended and the order was one relating to posting of officers. I think the fault chiefly lay in the Secretariat not having made the position quite clear before putting up Mr. Pani's D.O. letter (in the file) for orders; Mr. Pani's letter also has to some extent contributed to the point of promotion to a higher appointment being overlooked.

As the place of Chemical Examiner has become vacant, what is now proposedby the Council is that Mr.Dominick may be appointed to officiate in the appointment. This will give Mr. Dominick his pay of Rs. 270 with acting allowance of Rs.80. In view of possible retrenchments it is not considered desirable to make any permanent arrangements now.

The Resolution of the Council may be graciously approved.

Sir

I have the honor to forward herewith a letter dated the 1st Instant but received on the 8th Instant from Mr. P. Parthasarthi, L.M.S., B.S.Sc., D.P.H.; D.T.M., Assistant Director, Public Health Institute requesting that he may be given the place and grade of Senior Assistant Director of the Institute.

2. As you are aware, the entire cost in connection with the deputation of Mr. Parthasarthi to England was borne by Government. His programme of work was accordingly chalked out so that the State might derive the best return for the money spent on his special training.

3. Mr. Parthasarthi is dissatisfied because of his appointment as Junior Assistant Director. But it is impossible to conceive what else he might, in reason, have expected. Had Mr. Manker continued in the Institute Mr. Parthasarthi could not have been placed over him. Nor could he displace Mr. Dominick who obtained a higher Medical and an equal Sanitary British qualifications in Public Health at his own expense and has been Senior to Mr. Parthasarthi in position as well as in pay for the past three years. cannot and do not usually outweigh the general interests of the service. After all, Mr. Parthasarthi's claims are based upon the acquirement in England, in the intervals between his studies for the L.R.C.P&S and D.P.H., Examinations, of special knowledge which has yet to manifest itself in practice. When he does prove himself capable in his new position I am certain that recognition and special encouragement will not be slow in coming..

4. In regard to his pay, I beg to say that it has been usual to start British qualified Officers on a pay of ~~Rs 240/-~~ Rs 250/- in this Department. Considering however that the conditions have changed since the last occasion on which an Officer was so appointed, Government may be pleased to start Mr. Parthasarthi on Rs 300/- in the grade of Rs 150-15-365/- which is the lowest pay that can be given to him.

The Sanitary Commissioner in Mysore,
B a n g a l o r e.

Sir,

In obedience to the orders conveyed under Government Notification No. L. 4625/San. 38-21-2 dated the 13th February 1922 and communicated to me with the Sanitary Commissioner's Memo No. C. 520-8 dated the 15th ~~ult~~ idem, I joined the Public Health Institute as Junior Assistant Director and Assistant Chemical Examiner to Government on the forenoon of the 17th Instant.

2. I venture to take this opportunity of tendering my grateful thanks to the Government for the preference shown in selecting me to undergo training in England to befit myself for all brancnes of work in the Public Health Institute including Research. I would respectfully beg to add that it was the deep sense of gratitude to the Government that enabled me to compress into the space of a year and a half the special ~~xxxx~~ study and work which would, in the ordinary course, have required nearly double the time. I feel particularly gratified to find that my hard work has not gone unrecognised but has earned the gracious commendation of Government (please vide Government Order No. L 4275-6/San. 33-21-2 dated the 21st

21st January 1922)..

3. As already described in detail in my report of work done during my deputation, in addition to securing the diplomas of D.P.H., and D.T.M., devoted special attention to the study of Bacteriological and Chemical Laboratory work with the natural expectation that I would, on my return to this country, be placed in the Senior charge of the Public Health Institute. The Sanitary Commissioner's instructions to me while I was in England asking me to specialise in all branches of Laboratory work so that I might turn out a first rate Analyst and Bacteriologist also confirmed me in this expectation. It has therefore caused me no little disappointment to find my self posted only to the Junior charge of the Institute. There is hardly any necessity for me to add that such an arrangement cannot, for obvious reasons, be considered to be the best in the interests of satisfactory work in the Institute, as the fact of my being placed in a subordinate position is not likely to tend to the promotion of initiative and originality on my part which are necessary for work of a high order.

4. I am not a fresh recruit to the service, but have already put in an approved service of more than seven years and am now in receipt of a pay of Rs.195/- in the grade of Rs.150-15-365 and am due to get Rs.210 with effect from the 1st of this month. It would but be a legitimate aspiration if, after returning from a successful course of foreign training, I expect some suitable recognition in the department.

5. Instances are not wanting of cases of officers who, having been already in the service of Government, are sent abroad for higher training and are on return after a successful career started on higher emoluments commensurate with their special training. I trust it will not be considered presumptuous on my part if I beg of Government for a gracious and sympathetic consideration of my case and request that, in the special circumstances brought to

to notice, I may be kindly given the place and grade of Senior Assistant Director of the Public Health Institute for which I have befitted myself by my special study in the course of my foreign training.

I have the honor to be,

Sir,

Your most obedient servant

Sir,

With reference to your letter No.C.703-2 dated 15th March 1922 submitting for orders the representation of Mr. P.Parthasarathy for being given the place and grade of the Senior Assistant Director of the Public Health Institute, Government consider that Mr. Parthasarathy has no case as Mr. Dominick ~~has~~ been appointed to a grade higher than Mr Parthasarathy's, on account of his superior qualifications and that the order of things in force cannot be revised merely because Mr. Parthasarathy has since acquired the qualifications needed for the post of an Assistant in the Public Health Institute, which he did not possess at the time of Mr. Dominick's appointment.

I have &c.,
